CreatureLess Comfort Pest Control

Services for Hotels within the Kent area

Option 1

Standard call out;

Our technician will visit your property and conduct a full survey. If the property is clear from all infestations a certificate will be issued stating just that. If, in the future, you discover any unwanted pests in or around your establishment fees are payable for each full treatment as stated on the attached price guide.

Option 2

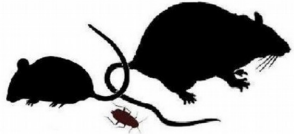

Monitoring;

Our technician will visit your property and carry out a free survey, monitoring stations will be left at the property in each sleeping area, in the kitchen and dining area, in any communal areas and in the external grounds. These will be checked on a 6 weekly schedule. The first treatment will be included in the contract, any subsequent treatments will be offered at a 10% discounted price. This contract will run for a full year and a treatment folder will be left at your premiss.

Option 3

Standard full contract;

Our technician will visit your property and carry out a free survey, monitoring stations will be left at the property in each sleeping area, in the kitchen and dining area, in any communal areas and in the external grounds. The contract will cover for Rats, Mice and Cockroach treatment and include Bedbug and Flea monitoring. The initial survey and treatment will include gaining control of any existing Rat, Mice or Cockroach issues. 4 weekly scheduled monitoring visits and 2 free treatments. Any additional treatments required during the contract will be offered at a 15% discount. This contract will run for a full year, payable quarterly via invoice. A treatment folder will be left at your premiss.

CreatureLess Comfort Pest Control

Option 4

Enhanced Contract;

Full cover for a full year. Initially our technician will survey your establishment and carry out a survey, all pest issues that present themselves will be treated. Once treatment is completed monitoring stations will be placed throughout the property and its grounds. 4 weekly visits will be scheduled to check all monitoring stations. Any issues with any pests will be treated as part of the contract. No additional cost will be required for treatment. The option of quarterly payments via invoice or monthly standing order/direct debit is available for the enhanced contract.

Please note: Any proofing work that is required is not included in any of the above contracts.
